ABOUT ME

Detail-oriented Frontend / User Interface Developer with a passion for design and a focus on delivering exceptional user experiences. With over 3 years of experience in the field, I've contributed to Micro Frontends and large-scale web applications for companies such as BMW, Vodafone, RedBull, Salewa, and others.

Currently seeking opportunities in React development roles, where I can apply my skills in animations, design, and user-centric development to create innovative and impactful web applications.

HARD SKILLS

- Frontend Development: HTML, CSS, Sass, JavaScript, ES6
- JavaScript Frameworks/Libraries: React, Angular, Vue, jQuery
- Web Animation: CSS animations, GSAP, Framer Motion
- Responsive Design: Media queries, mobile-first design
- CSS Frameworks/Libraries: Material-UI, Ant Design, Tailwind, Bootstrap
- Web Performance Optimization: Code splitting, lazy loading
- Version Control: Git, GitHub, GitLab
- API Integration: RESTful APIs, GraphQL
- Build Tools: Webpack, Babel, Vite
- Code Quality: ESLint, Prettier
- Debugging: Troubleshooting and bug fixing
